Founder and Writer, Rhonda Lauritzen speaking on the power of storytelling

## Book a speaker:

We love giving conference workshops, keynotes, or speaking to service clubs. Our audiences range from businesspeople to genealogy buffs to church groups. We often give 20-30 minute presentations to service clubs at no charge, since our mission is to share inspiration and tools for this important work.

We can also create in-depth workshops for organizational teams to give employees confidence to tell the story. Get in touch with by phone or through the form above.
